

Song-

“Let it Go”

Based upon Let it snow

Oh anxiety can be frightful,  
But the peace of God’s delightful,  
I don’t want fear no mo’  
Let it go, let it go, Let it go.

And anger it seems alluring,  
Its power reassuring,  
You don’t know what it’s fo’  
Let it go, let it go, let it go

When we finally see the light  
We’ll be quick to forget the storm  
But now we can get it right  
And our Spirits will be warm

And guilt inside is hiding,  
But spirit’s so inviting,  
You don’t need self-hate no mo’  
Let it go, let it go, let it go...

When we finally see the light  
We’ll be quick to forget the storm  
But now we can get it right  
And our spirits will be warm

Now forgiveness we are trying,  
And our guilt ‘s at last, goodbye-ing  
Just let that self-hate go,  
Let it go, let it go, let it go.

Let it go, let it go, let it go  
One more time  
Let it go let it go let it go
